## ABOUT ME

I am a recent graduate who is passionate about technology and economy. As an economist and tech enthusiast, I bring a unique combination of skills to any team. With a deep understanding of economic principles and a passion for technology, I am able to analyze complex data and identify innovative solutions for problems. I am a collaborative team player with excellent communication skills, and I thrive in fast-paced environments. In addition, my experience participating in our college extracurricular activities has allowed me to improve my problem-solving and leadership skills.
